1. CORE VALUES

The Ladies Gaelic Football Association is based on the following principles that will guide the development of our sport for young players. The stages of development of the young person should guide the types of activity provided within the Association. Adults will need to have a basic understanding of the physical, emotional and personal needs of young players.

Integrity in relationships

Adults interacting with young players in Ladies Gaelic Football should do so with integrity and respect for the player. There is a danger that sporting contexts can be used to exploit or undermine children. All adult actions should be guided by what is best for the young players and in the context of quality, and open working relationships. Verbal, physical, emotional or sexual abuse of any kind is unacceptable within Ladies Gaelic Football.

Quality atmosphere and ethos

Ladies Gaelic Football involving young players should be conducted in a safe, positive and encouraging atmosphere. A child-centred ethos will help to ensure that competition and specialisation are kept in their appropriate place.

Importance of Childhood

The importance of childhood should be understood and valued by everyone involved in the Ladies Gaelic Football Association. The right to happiness within childhood should be recognised and enhanced at all levels of our sport.

Needs of a Child

All children's sporting experiences should be guided by what is best for children. This means that adults should have basic understanding of the emotional, physical and personal needs of young people. The stages of development and the ability of children should guide the types of activity provided within the sport. In Ladies Gaelic Football these activities are clearly outlined in our Player Pathway, which forms the basis of our Unlocking the Potential Coach Development Programme.

Equality

All children should be valued and treated in an equitable and fair manner regardless of age, gender, religion, social and ethnic background or political persuasion. Children, irrespective of ability or disability, should be involved in sports activities in an integrated and inclusive way, whenever possible, thus allowing them to participate to their potential alongside other children. Team Mentors should be aware of and seek to gain competence in addressing the needs of young people with disabilities or any other additional needs.

Fair Play

Fair play is the guiding principle of the Code of Ethics and Good Practice for Young Players in Ladies Gaelic Football. All sport should be conducted in an atmosphere of fair play. Ireland has contributed and is committed to the European Code of Sports Ethics, which defines fair play as: 'much more than playing within the rules. It incorporates the concepts of friendship, respect for others and always playing with the right spirit. Fair play is defined as a way of thinking, not just a way of behaving. It incorporates issues concerned with the elimination of cheating, gamesmanship, unequal opportunities, excessive commercialisation and corruption'. (European Sports Charter and Code of Ethics, Council of Europe, 1993).

Competition

Competition is an essential element of sport and should be encouraged in an age appropriate manner. A balanced approach to competition can make a significant contribution to children's development while at the same time providing fun, enjoyment and satisfaction. Through such competition children learn respect for opponents, officials and rules of the sport.

Too often competitive demands are placed on children too early, which results in excessive levels of pressure on them. This is one of a number of factors, which contribute to high levels of dropout in sport. It should always be kept in mind that the welfare of the player comes first and competitive standards come second. While under eight is a very different age group to under eighteen the same general principle should apply.

As adults we need to strike a balance between a young person's desire to win and a young person's right to participate, irrespective of ability. Remember that success is not the same as winning and failure is not the same as losing.

Legislative Basis

While the Code of Ethics is not a legal document, it is based on the Child Care Act (IRL) 1991 and the Children (NI) Order 1993, as well as subsequent related legislation, such as Children's Act 2001, Protection of Children and Vulnerable Adults Act (NI) 2003 and the Protection of Persons Reporting Act (IRL) 1998.

Furthermore Ireland is a signatory to the UN Convention on the Rights of the Child, which acknowledges the right of the child to protection from all harm. Article 31 of the UN Convention on the Rights of the Child recognises the 'right of the child to engage in play and to have the chance to join in a wide range of activities.'

In order to promote this charter and in response to consultation with young people the Office of the Minister for Children (IRL) includes in its strategy the objective that 'children will have access to play, sport and recreation and cultural activities to enrich their experience of childhood.' The Officer of the Minister for Children appointed an Ombudsman for Children in 2004, while Northern Ireland appointed the Commissioner for Children and Young People in 2003.

This Code is intended to provide guidelines for those working with young people in Ladies Gaelic Football. It is not a definite legal interpretation of the legislation. While it is not a legal document, failure to comply may have legal implications or consequences.

"Too often competitive demands are placed on children too early, which results in excessive levels of pressure on them."

It is recommended to use this Code in tandem with each National Governing Bodies own Codes of Best Practice or Codes of Ethics that outline in greater detail our roles and responsibilities when working with children and young people. We wish to see this code developed, promoted and implemented as an initiative that encourages fair play, respect, equal opportunities and safety.

In developing the skill levels of every player you should always encourage enjoyment, fun and participation in our games and activities. Mentors should always remember that they are a role model for the players in their care.

Recruitment of Mentors

As a Mentor working with young people and children you are required to be suitable for your chosen role(s). Appropriate training and coaching will be provided so as to ensure that Mentors are fully trained, coached and qualified to fulfil their roles. All persons working or volunteering for such roles will also participate in agreed recruitment and selection procedures as outlined in the policies and procedures of each National Governing Body.

Maintaining a child centred approach

- Respect the rights, dignity and worth of every person and treat each one equally regardless of age, gender, ability, ethnic origin, cultural background or religion.
- Be positive during coaching sessions, games and other activities so that participants always leave with a sense of achievement and an increased level of self-esteem.

- Develop an understanding of relevant coaching methods and ensure that you have the appropriate level of coaching accreditation.

3.3 PARENTS/GUARDIANS

Parents/Guardians should encourage their child to:

- Play by the rules.

3.4 SUPPORTERS

Young players are eager to enjoy and benefit from the support they receive from parents, guardians, friends and other members of the club who attend our games as spectators. Active, loyal and well behaved supporters are always welcome to attend and support our games but should be aware that their conduct will always reflect upon the team, players and clubs that they support.

Fellow supporters have a responsibility to ensure that all spectators conduct themselves in an acceptable and well behaved manner at all times when attending under age games and competitions.

- Upholding the principles of **FAIR PLAY** and **RESPECT** for all.

3.5 THE CLUB

All clubs that cater for under age players must do so with a child centred approach and philosophy thus ensuring that those chosen by them to work with children and young people are at all times competent and confident as to their roles and responsibilities.

Clubs must provide these people with the necessary supports and ensure the best interests of the child, the young person and the adult that all those chosen to work on the club's behalf have been selected following thorough recruitment, selection, training and coaching procedures.

4.1 MENTOR RECRUITMENT AND SELECTION POLICY

Adult- Child Relationships in Sport

The trust implicit in adult-child relationships in sport places a duty of care on all adults, voluntary or professional, to safeguard the health, safety and welfare of the child while engaged in their sporting activity. Adults have a crucial leadership role to play in sport. Whether they are parents/guardians or Mentors or teachers, they can contribute to the creation of a positive sporting environment for young people. Positive adult-child relationships will result in growth, development and fulfilment for all those involved in children's sport.

The Ladies Gaelic Football Association relies on the time commitment of adults to our underage structures and is greatly indebted to those that give freely of their time on behalf of the Association.

Most adults who become involved in children's sport do so in their own free time. There may, therefore, be a reluctance to make impositions upon them with regard to either conditions of training or reproaches for any misdemeanours. However, given the importance and responsible roles which adults play at many different levels in sport, it is essential that their competence and ability to deal with children in a fair, empathic and ethical way is supported, guided and maintained.

The following recruitment and selection guidelines are put in place to ensure that these adult roles are seen as a positive contribution to the development of young players, regardless of age, and that the Ladies Gaelic Football Association adheres to the best possible standards when recruiting persons to work with young people on our behalf at Club, County, Provincial and National level.

All our personnel who work with children, young people or vulnerable adults should have appropriate child awareness training and be vetted through the Garda Vetting Unit which is co-ordinated via the National Children's Office in Croke Park. (Similarly Ulster GAA co-ordinate the vetting for AccessNI applicants).

Recruitment

It is essential that all adults taking responsibility for young people, whether in a paid or unpaid capacity, in the Club or elsewhere in the Association should undergo a recruitment and selection process. The recruitment of adults to work with under age teams

should be co-ordinated by a senior and experienced member of the club and should be done in a confidential manner.

A consistent method of recruiting and selecting Mentors should be in place, including seeking references, confirming identity and checking adequacy of qualifications.

Effective management of Mentors is also equally central to the promotion of good practice in your Club. This should include support, supervision, access to training and effective communication between members of the Club.

The following procedures are recommended to assist clubs and counties when choosing coaches and other personnel for positions to which they are best suited.

- The decision to appoint a mentor is the responsibility of the Club/County and not of any one individual within it. The Club/County committee should ratify all recommendations for appointment
- Responsibilities of the role and the level of experience/qualifications required should be drawn up and clearly stated beforehand – it is recommended that all mentors hold appropriate qualifications, e.g. FUNdamentals Coaching Certificate, First Aid Certificate, etc
- Each mentor should undergo a 'sign-up' procedure, whereby the appointed/reappointed mentors agree to abide by the Code of Ethics and Good Practice for Young People and to the policies of the club and the Association
- All mentors, new and existing, should fill in an application form, giving names of two referees that may be contacted (Appendix 6.1) and where possible all new mentors should be interviewed and a probationary period is advisable

- It is good practice to meet with new mentors and conduct a short interview to ensure the mentor has the appropriate qualifications, etc
- All applicants will be required to complete Garda Vetting and/or AccessNI checks, as appropriate, prior to the commencement of their role(s) with young people in the Association.
- It is good practice to follow-up on named referees, especially if the new mentor is a stranger to the Club/County
- Existing mentors should not be excused from either the 'sign-up' or application form procedure. It is not necessary for existing mentors to undergo an interview
- No exceptions should be made in relation to the recruitment procedures
- All forms should be filed as a matter of record by the Club/County Board
- All mentors should be given a copy of the Code of Ethics and Good Practice for Young People and they should be made aware of good practice procedures contained within the Code
- Every effort should be made to manage and support appointed mentors. Adequate supervision should always be provided – a mentor should not have to work alone

“Adequate supervision should always be provided – a mentor should not have to work alone”

4.2 GARDA VETTING AND AccessNI CHECKS

The Ladies Gaelic Football Association administers the Garda Vetting and AccessNI checks of all persons who on behalf of the Association work in any capacity with children, young people and vulnerable adults. This service is but one part of the overall recommended recruitment and selection procedures for those who on our behalf work in areas of responsibility with children and young people, or who may do at a later stage.

Garda vetting, which is the pre-checking of an applicant's background for criminal convictions or prosecutions is recommended by the Irish Sports Council, by Sports NI in Northern Ireland and as part of Children First - the National Guidelines for the Protection and Welfare of Children.

Garda Vetting

Vetting applications will only be accepted from organisations that have been so recognised by the Garda Central Vetting Unit (GCVU). The Ladies Gaelic Football Association is an organisation recognised by the GCVU to process vetting on behalf of our members and an Authorised Signatory has been selected by the Ladies Gaelic Football Association to fulfil this role.

The Ladies Gaelic Football Association has agreed to the implementation of vetting of all persons who on behalf of the Association work in any capacity with children, young people and vulnerable adults in the delivery of our games or activities. In effect this means that any person working on behalf of the Association or on behalf of any of our clubs with people under the age of 18 years of age will be required to be vetted. Vetting via the Garda Vetting Unit is outlined below while vetting via AccessNI and for Ulster GAA is outlined on page 18.

How can a member of the Ladies Gaelic Football Association avail of Garda vetting?

Step 1: A vetting applicant, i.e. coach, mentor, manager etc. of an underage team, will receive a Ladies Gaelic Football Association Vetting Application Form from the Club's Children's Officer or from a nominated person in their club/county. This form has to be completed in full by the applicant and collected at club/county level, or forwarded directly to the National Children's Officer in Croke Park.

Step 2: All forms are then sent by secure post to the National Children's Officer, Ladies Gaelic Football Association, Level 6, Cusack Stand, Croke Park, Dublin 3.

All forms must be sent to the National Children's Officer (NCO) in Croke Park for processing and not to An Garda Síochána.

The National Children's Officer will then process all **correctly** completed forms with the GCVU. Processed forms will on their return contain a statement that there are no convictions recorded against the individual in the Republic of Ireland or elsewhere, or a statement of all convictions and/or prosecutions, successful or not, pending or completed, in the State or elsewhere as the case may be.

In most instances it is convictions and/or prosecutions of a most serious nature and particularly against children/minors that MAY deem a person unsuitable to work with children in the Ladies Gaelic Football Association.

Please note that a stated conviction or unsuccessful prosecution MAY have NO bearing whatsoever on the acceptance of an individual in the Association and it is recommend that all cases be treated individually and confidentially and that they be assessed as per the requirements of the post/role and the work that it entails.

Step 3: Following the processing of the vetting form it is the Ladies Gaelic Football Association's National Children's Officer who will inform each applicant individually by letter if their application is or is not being recommended for acceptance.

Step 4: If the recommendation is positive the applicant will receive a letter confirming this and requesting them to furnish their club/County with the letter of acceptance.

Step 5: If the recommendation is negative and if the applicant is not being recommended for acceptance a letter informing them of this decision will be sent to them by the Ladies Gaelic Football Association's National Children's Officer. The applicant will be afforded an opportunity to appeal this decision within 14 days and the process of appeal will be outlined to the applicant. A specially appointed Appeals Group will hear this appeal and will issue their findings directly to the applicant.

Step 6: If the Appeals Committee recommends acceptance of the vetting application Step 4 comes into operation.

Step 7: If the Appeals Committee upholds the recommendation of rejection the applicant and their club will be duly informed. Over a period of time all persons who on behalf of the Ladies Gaelic Football Association, work in any capacity with children and young people will have furnished their club with a Garda Vetting letter of acceptance. The absence of such a letter will deem a person ineligible to work in such a capacity.

The Ladies Gaelic Football Association's central data base will retain the vetting application outcomes.

Clubs will be issued with a list of persons who receive the Garda Vetting 'letter of acceptance' from the National Children's Officer.

Protocol on Vetting Application Outcomes

There are established procedures in place to conduct vetting of all persons who work in any capacity with children, young people and vulnerable adults in the delivery of our games and activities.

Ladies Gaelic Football recognises that there is a standardised vetting system operated by Cumann Lúthchleas Gael, Cumann Camógaíochta na nGael, Irish Handball Council and The Rounders Council of Ireland, which functions for the purpose of determining the suitability of personnel to deliver our games and activities in settings which may facilitate unsupervised access to children and/or vulnerable adults, within each of the above bodies.

The status and validity of decisions reached in each body in respect of the suitability of an individual for a position within it, is acknowledged and accepted by each of the other bodies.

AccessNI Checks

How can a member of the Ladies Gaelic Football Association avail of vetting through Ulster GAA?

In the first instance the vetting applicant should contact their Club/County Secretary/Children’s Officer as appropriate. The Club/County Secretary/Children’s Officer should then make direct contact with the Ulster GAA Children’s Officer who will advise the process for how they can take forward the vetting application either through Garda vetting or AccessNI.

AccessNI vetting

Ulster GAA is a registered Umbrella Body with AccessNI to carry out vetting checks as part of the AccessNI service. Through a heads of agreement with Ulster GAA, all County Boards, Clubs, Ulster Ladies Gaelic, Ulster Camogie and other affiliated bodies can avail of this service.

AccessNI is the statutory body established to carry out vetting checks on people who as part of their employment or volunteer involvement have access to a child or vulnerable adult.

An Umbrella Body is an organisation which has registered with AccessNI to make applications for vetting checks (Standard or Enhanced Disclosures) on behalf of other organisations or individuals.

In order to comply with legislation under The Protection of Children and Vulnerable Adults (NI) Order 2003, Ulster GAA has since 1st April 2004 ensured that relevant check were carried out through

the POCVA system. These checks are now carried out by AccessNI or the Garda Vetting Unit as appropriate so as to ensure that individuals who work in any capacity on behalf of the Association and who might pose a threat or risk to children and/or vulnerable adults are not being used as coaches, mentors, external tutors, team managers, assistants, or work in any other capacity on behalf of the Association.

These checks will inform us

- If the applicant has a criminal record;
- If their name is included on the Department of Health Social Services and Public Safety (DHSSPS) Disqualification from Working with Children List
- If they are included on the Department of Education (DE) List and/or the DHSSPS Disqualified from Working with Vulnerable Adults List

Garda vetting

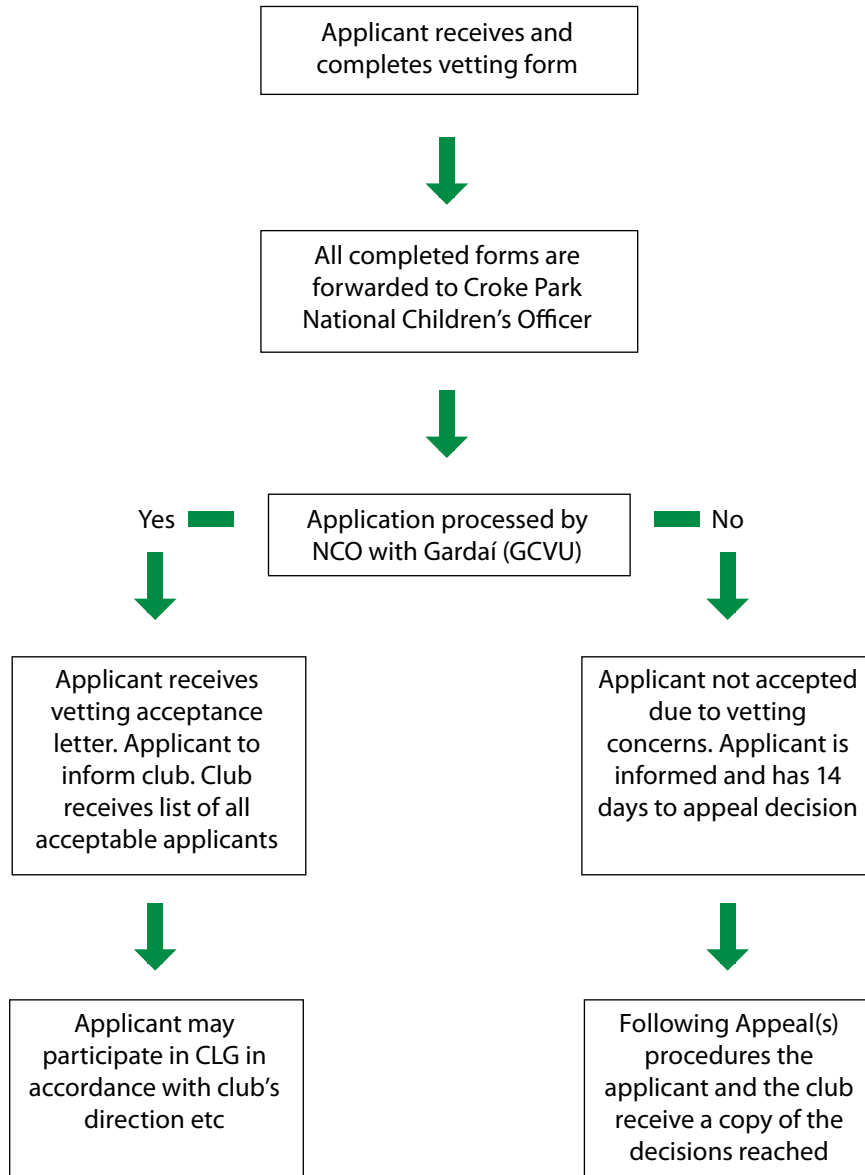

Ulster GAA is registered with the Garda Central Vetting Unit to carry out vetting checks as part of the Garda vetting service. Through a heads of agreement with Ulster GAA, all County Boards, Clubs, Ulster Ladies Gaelic, Ulster Camogie and other affiliated bodies can avail of this service.

Any information received will be treated confidentially and is subject to the Data Protection Act. Should it be necessary to meet or speak with the applicant regarding any information received this will be done without delay.

4.3 SUPERVISION

Make sure there is an adequate adult: child ratio. This will depend on the nature of the activity, the age of the players and any special needs of the group. As a recommended guide a ratio of *1:8 for under 12 years of age and *1:10 for players over 12 years of age.

**This is only a guide and will change depending on the circumstances, e.g. very young players, players with special needs or during away trips*

- All teams should have at least one female mentor. Female mentors should ensure that all areas of the Code are adhered to at all times
- Avoid being alone with any player, if you need to talk separately do so in an open environment, in view of others
- In changing rooms, where possible ask parents to take responsibility and supervise in pairs of appropriate gender
- Mentors should not need to enter changing rooms unless the players are very young or need special assistance and such supervision should be done by parents or in pairs of appropriate gender
- Mentors should remain in pairs until all players have been collected at the end of training or matches
- Keep attendance records and record any incidents/injuries that arise

4.4 TRAVELLING WITH YOUNG PLAYERS

- There is extra responsibility taken on by mentors when they travel with young players to games/tournaments. When travelling with young players you should:
 - Ensure that there is adequate insurance cover
 - Not carry more than the permitted number of passengers
 - Ensure use of safety belts at all times
 - Avoid travelling alone with one player. Where this is unavoidable the player should always sit in the back seat
- Ensure all mentors, parents and players have signed Travelling Permission forms (page 30) – these forms should include emergency contact numbers for players' parents. Forms may be modified accordingly
- It is recommended to include, at the start of year where possible, all fixtures which involve travel, so that one travel permission form will be valid all year.
- Permission forms should be signed on a yearly basis
- All forms should be kept on file within the Club/County Board by the Children's officer
- Each Club/County should remind all players of Code of Conduct when travelling to games

"All teams should have at least one female mentor. Female mentors should ensure that all areas of the Code are adhered to at all times"

4.5 AWAY TRIPS / OVERNIGHT STAYS

- When a game requires an overnight stay a separate permission form (Appendix 6.3) should be signed by parents and players, containing emergency contact number for parents
- Each overnight stay requires a separate permission form as details will vary
- All players should sign a Code of Conduct agreement
- Appoint a mentor who will make a report on returning home
- A meeting with parents and players is useful to communicate travel times, competition details, other activities, gear requirements, medical requirements, special dietary needs and any other necessary details
- Rooming arrangements – adults should not share rooms with young players, players share rooms with those of same age and gender and adults should knock before entering rooms
- All group socialization should take place in communal areas (i.e. no boys in girls' rooms and vice versa)
- Alcoholic drink, smoking or other illegal substances are forbidden to players
- At least one female should travel with each team
- There should be a good adult-player ratio, 1:5/6, and proper access to medical personnel
- Lights out times should be enforced
- Players should be under reasonable supervision at all times and should never leave the venue or go unsupervised without prior permission
- Parents should be encouraged to travel to assist with supervision especially with young players

4.6 HOSTING

Being a host family or being hosted is an integral part of many sports and if handled appropriately, can add to a child's enjoyment and experience at a competition. In Ladies Gaelic Football, our main competition which involves hosting is our National Féile na nÓg competition.

Hosting is a challenging role but also very rewarding. Special care should be taken in the selection of homes for overnight stays.

A host should be provided with as much information about the players staying with them and details of the competition. No player should be placed on their own with a host family.

All clubs should have knowledge of the host families prior to selection for hosting. However, in addition to this the host family should agree to provide references and be vetted.

Each club is responsible for their players and information related to the players. Parents of the player to be hosted should complete an Overnight Permission Form specific to the Competition, and provide dietary or medical requirements of the player. In addition clubs should follow the recruitment and selection procedures outlined on page 15, section 4.1.

Host families should:

- Agree to abide by the Ladies Gaelic Football Association's Code of Ethics and Good Practice
- Consent to appropriate checks and references
- Attend host families meetings
- Provide a safe and supportive environment for young players

Ladies Gaelic Football Association/County Boards/ Clubs should:

- Provide a travel pack to hosting families
- Check out references on hosting families where necessary
- Provide an itinerary of the trip
- Gather information on destination and venue

Young Players should:

- Sign a Code of Conduct – specific to the Competition
- The Code of Conduct should be drawn up by the Club
- Not be asked to share a bed or a room with an adult
- Be happy with the arrangements
- Show respect to host families and their homes

4.7 SAFETY

All clubs should have a safety statement, including specific and potential risks attached to Ladies Gaelic Football. They should also have procedures in place for safeguarding against such risks. Safety statements should be specific to the club and the club grounds/ facilities.

In addition clubs should:

- Ensure activities are suitable for age and stage of development of players
- Keep a record of any specific medical conditions of the players

- Keep a record of emergency contact numbers for parents / guardians – Such records such be readily attainable
- Ensure any necessary protective gear is used
- Keep First Aid kit stocked up and ensure it is close at hand with access to qualified first-aider
- Know the contact numbers of emergency services and easy access to medical personnel if needed is recommended. All clubs should have an emergency plan, which all club members are aware of
- If an incident occurs, make a brief record of injury and action taken. Note the problem, action and outcome. Contact the players parents and keep them informed of all details

4.8 TOUCHING

Coaching, at certain times, may require a 'hands on approach', e.g., it may be necessary to support a player learning a new skill but the following should be taken into consideration

- Avoid unnecessary physical contact. Never engage in inappropriate touching
- Any necessary contact should be in response to the needs of the player and not the mentor
- It should be in an open environment with the permission and understanding of the player
- It should be determined by the age and developmental stage of the player – do not do something that a player can do for themselves

“Any necessary contact should be in response to the needs of the player and not the mentor”

4.9 PHOTOGRAPHY AND FILMING GUIDELINES

The Ladies Gaelic Football Association has adopted a policy in relation to the use of images of players on our website and in other publications. This policy does not seek to eliminate the use of photography or video but rather to minimise the risk and threats that inappropriate use of photographs or the recording of images may pose directly or indirectly, particularly for young people.

Remember having photographic and filming guidelines is not about preventing parents from taking pictures, but rather to ensure that only those who have a right to take photographs do so.

As part of the Parental Consent form (Form 6.4), all club's should receive signed recognition from the player's parents or guardians for the recording of photographic and recorded images etc as part of the player's registration process.

It should be noted that we have little or no influence on what photographs may be taken and published in local or national newspapers as such photography is covered by a different set of guidelines. Should we ever be unhappy with the publication of such photographs or images we can address this matter with the individual newspaper or the Press Council of Ireland.

Photography and the recording of images in a public place do not generally require explicit or prior consent. However if an event e.g. a game or training session is taking place, involving under age players, in a public, private or local authority park, and if you are in charge of such an event you are entitled to request a person to resist from taking photos if you feel that such action or photography may be inappropriate.

Many of our clubs have developed websites that enable them promote their club and club activities to their members, local community and at a County, Provincial and National level. The internet is an exciting and user friendly communication outlet for young people. It is important that while not wishing in any way to restrict the use of and accessibility to such sites that we recognise our responsibility in maintaining sites that are purposeful, educational, newsworthy, attractive in design and use and above all else are safe.

Best practice guidelines:

- First and foremost ensure parents/guardians and the young people themselves have granted their consent for the taking and publication of photographic images. This permission should be sought by the club when the player registers on an annual basis.
- All children/young people featured in recordings must be appropriately dressed.
- The photograph or recording should focus on the activity rather than a particular young person.
- No personal details relating to the young person should be revealed as accompanying materials to the photograph or recorded image.
- Parents and spectators taking photographs/ recordings should seek permission in advance from the Club and should also be prepared to identify themselves if requested and state the purpose for their photography/filming.
- Group and team photographs may be taken but it is not necessary to match a player's name with the position in which they may be standing or seated in the team photograph

Videoing as a coaching aid

Video equipment can be used as a legitimate coaching aid. Anyone concerned about any photography, taking place at events or training sessions, should contact the Children's Officer in relation to the matter.

- It is recognised that on certain occasions individual young people may receive recognition and may be presented with an award. When this happens in the case of an under age player certain levels of sensitivity and indeed of common sense are required and a balance should be drawn between the publication of a photograph of an individual, who may or may not be named, and the safety aspects of publication. Any such photography or recording of events that involves individual presentations should be discussed in advance of the event and agreement reached with all parties, including the club, parents and the young person themselves, as to what is and what is not permitted.
- Create recognised procedures for reporting the use of inappropriate images to reduce the risks to under age players. Any instances of the use of inappropriate images should be reported to the Club's Children's Officer and/or Designated Person and also to the relevant statutory authorities as deemed appropriate.
- Appoint a webmaster to manage your web site on behalf of the club and ensure that the webmaster is answerable to the club's Executive
- The Club Executive should agree at the outset the style, design and content policy of the website with the appointed webmaster, prior to going on-line
- Consult with the Club's Children's Officer when designing the website and ensure that the age of club members is considered when deciding the website policy

4.10 REGISTRATION, DROPOUT AND TRANSFERS

Loss of club members, including adult transfers, should be monitored. Any unusual or unexpected dropout or transfer of young players or mentors should be checked out by the Club Children's Officer and/or the County Board/ Provincial Council or Central Council. If any concerns regarding a child or children's welfare are raised the matter should be handled in accordance with procedures outlined in section 5.

4.11 MOBILE PHONES

Mobile phones are often given to children for security, enabling parents to keep in touch and make sure they are safe. In addition mobile phones can make a safe and efficient way to carry out club business. However such technology has also allowed an increase in direct personal contact with young people, in some cases used to cross personal boundaries and cause harm to young people. Within clubs there is a need to encourage responsible and secure use of mobile phones by adults and young people.

5 CHILD PROTECTION PROCEDURES

Ladies Gaelic Football Association accepts that organisations, which include young people among its members, are vulnerable to the occurrence of child abuse. Child welfare and the protection of young players is the concern of all adults at all times, irrespective of their role within the organisation.

Below are the procedures for dealing with any welfare or protection issue that may arise. A report may be made by any member in the club or County but should be passed on to the Children’s Officer who may in turn have to pass the concern to the Local Statutory Authorities.

It is not the responsibility of anyone working within Ladies Gaelic Football Association in a paid or voluntary capacity, or those working in affiliated organisations, to take responsibility or decide whether or not child abuse is taking place – that is the job of the Local Statutory Authorities. However, there is a responsibility to protect young players by assisting the appropriate agencies so that they can take any necessary action to protect the young person.

All members should follow both procedures outlined below, firstly the procedure for responding to a young player in distress and secondly the procedure for reporting a concern.

5.1.6 Filing of Complaints

- ☑ Written confidential records of all complaints should be safely and confidentially kept
- ☑ Club/County procedures should be defined for the possession of such records in the event of election of new officers.

5.2 DEALING WITH SUSPECTED ABUSE

- 5.2.1 Reporting abuse
- 5.2.2 Response to a young player
- 5.2.3 Allegation against Mentors
- 5.2.4 Steps within Organisation
- 5.2.5 False Reporting
- 5.2.6 Confidentiality
- 5.2.7 Anonymous Report
- 5.2.8 Rumours

5.2.1 Reporting Abuse

If there are grounds for concern (Appendix 6.4) about the safety or welfare of a young player you should react to the concern. If unsure about whether or not certain behaviours are abusive (Appendix 6.5) and therefore reportable, you should contact the duty social worker in the Local Health Board or Social Services Department where you will receive advice. Grounds for concern include a specific indication from a player, a statement from a person who witnessed abuse or an illness, injury or behaviour consistent with abuse. Steps for reporting suspected abuse

- (a) Observe and note dates, times, locations and contexts in which the incident occurred or suspicion was aroused, together with any other relevant information
- (b) Report the matter as soon as possible to the designated officer within the Club/County responsible for reporting abuse, e.g. Children's Officer. If the Children's Officer has reasonable grounds for believing that the player has been abused or is at risk of abuse, s/he will make a report to the Health Board/Social Services who have statutory responsibility to investigate and assess suspected or actual child abuse

- (c) In cases of emergency, where a player appears to be at immediate and serious risk and the Children's Officer is unable to contact a duty social worker, the Garda Authorities should be contacted. Under no circumstances should a player be left in a dangerous situation pending intervention by the Statutory Authorities
- (d) If the Children's Officer is unsure whether reasonable grounds for concern exist s/he can informally consult with the local health board/social services. S/he will be advised whether or not the matter requires a formal report

Any Children's Officer reporting suspected or actual child abuse to the Statutory Authorities should first inform the family of their intention to make such a report, unless doing so would endanger the player or undermine an investigation.

5.2.2 Response to a Young Player

When a young player discloses information of suspected abuse you should:

- (a) Deal with any allegation of abuse in a sensitive and competent way through listening to and facilitating the player to tell about the problem, rather than interviewing about details of what happened
- (b) Stay calm and not show any extreme reaction to what the player is saying. Listen compassionately, and take what the player is saying seriously
- (c) Understand that the player has decided to tell something very important and has taken a risk to do so. The experience of telling should be a positive one so that the player will not mind talking to those involved in the investigation
- (d) Be honest with the player and tell them that it is not possible to keep this information a secret
- (e) Make no judgmental statements against the person whom the allegation is made
- (f) Not question the player unless the nature of what she is saying is unclear. Leading questions should be avoided. Open, non-specific questions should be used such as "Can you explain to me what you mean by that"

- (g) Check out the concerns with the parents/ guardians before making a report unless doing so would endanger the player
- (h) Give the player some indication of what would happen next, such as informing parents/ guardians, Health Board or Social Services. It should be kept in mind that the player may have been threatened and may feel vulnerable at this stage
- (i) Carefully record the details
- (j) Pass on this information to the Children's Officer/ designated officer within the Club. Always reassure the player that they have done the right thing in telling you

“Always reassure the player that they have done the right thing in telling you”

5.2.3 Allegations Against Mentors

If an allegation of alleged child abuse is made against a mentor working within the Club/County or Association, the following procedures should be followed:

- The reporting procedure in respect of suspected child abuse. (5.2.1)
- The procedure for dealing with the mentor. (5.2.4)

The safety of the player making the allegation should be considered and the safety of any other players who may be at risk. The club should take any necessary steps that may be necessary to protect its players. The issue of confidentiality is important – the mentor should be treated with respect and fairness.

5.2.4 Dealing with the Mentor

While the designated Children's Officer makes the report to the local Health Board, the Chairperson of the club should deal with the mentor.

- The Chairperson should privately inform the mentor that
 - (a) an allegation has been made against him/her
 - (b) the nature of the allegation
- He/she should be afforded an opportunity to respond
- His/her response should be noted and passed on to the Health Board/Social Services
- The mentor should be asked to step aside pending the outcome of the investigation. When a mentor is asked to step aside it should be made clear that it is only a precautionary measure and will not prejudice any later disciplinary proceedings

The Club/County Children's Officer should inform the National Children's Officer that the mentor has been asked to stand aside.

It is also the duty of all Association members to inform the National Children's Officer of a mentor who is under investigation by a Statutory Authority.

The Ladies Gaelic Football Association can consider disciplinary action on the mentor but should ensure that this does not interfere with the investigation of the Statutory Authorities – the outcome of the investigation and any implications it might have will be considered during the Disciplinary procedure.

It should be noted that the fact that the alleged abuser has not been prosecuted or been found guilty does not mean that they are appropriate to work with young people in the future.

5.3 False Allegations

The Protection for Persons Reporting Child Abuse Act, 1998 provides immunity from civil liability to persons who report child abuse 'reasonably and in good faith' to the Health Board or the Gardaí (See 5.13.1 – ISC. Code). The act also covers the offence of 'false reporting'.

The main provisions of the Act are:

1. The provision of immunity from civil liability to any person who reports child abuse "reasonably and in good faith" to designated officers of Health Boards or any member of An Garda Síochána.

2. The provision of significant protections for employees who report child abuse. These protections cover all employees and all forms of discrimination up to and including dismissal.
3. The creation of a new offence of false reporting of child abuse where a person makes a report of child abuse to the appropriate authorities “knowing that statement to be false”. This is a new criminal offence designed to protect innocent persons from malicious reports.

This law does not exist in Northern Ireland, but an individual who reports concerns in ‘good faith’ is not deliberately attempting to slander another person’s name. In Northern Ireland there is legislation, the Criminal Law Act (NI) 1967 which places the responsibility on everyone to report offences or to forward information to the police by emphasising the, ‘duty of every other person, who knows or believes, (a) that the offence or some other arrestable offences has been committed and (b) that he has information which is likely to secure, or to be material assistance in securing, the apprehension, prosecution or conviction of any person for that offence’.

5.4 Confidentiality

Confidentiality should be maintained in respect of all issues and people involved in cases of abuse, welfare or bad practice. It is important that the rights of both the player and the person about whom the complaint has been made are protected.

The following points should be kept in mind:

- A guarantee of confidentiality or undertakings regarding secrecy cannot be given, as the welfare of the player will supersede all other considerations

“Any rumours relating to inappropriate behaviour should be brought to the attention of the Children’s Officer and checked out without delay”

- All information should be treated in a careful and sensitive manner and should be discussed only with those who need to know
- Information should be conveyed to the parents/guardians of the player in a sensitive way about whom there are concerns
- Giving information to others on a ‘need to know’ basis for the protection of a player is not a breach of confidentiality
- All persons involved in a protection process (the player, her parents/guardians, the alleged offender, her family, mentors) should be afforded appropriate respect, fairness, support and confidentiality at all stages of the procedure
- Information should be stored in a secure place, with limited access to designated people
- The requirements of the Data Protection laws should be adhered to
- Breach of confidentiality is a serious manner

5.5 ANONYMOUS COMPLAINTS

Anonymous complaints can be difficult to deal with but should not be ignored. In all cases the safety and welfare of the player/s is paramount. Any such complaints relating to inappropriate behaviour should be brought to the attention of the Children’s Officer. The information should be checked out and handled in a confidential manner.

5.6 RUMOURS

Rumours should not be allowed to hang in the air. Any rumours relating to inappropriate behaviour should be brought to the attention of the Children’s Officer and checked out without delay.

Appendix 7.2 – Anti-Bullying Policy

This is adapted from the Scout Association of Ireland's Child Protection Policy

What is Bullying?

Bullying can be defined as repeated aggression be it verbal, psychological or physical conducted by an individual or group against others.

It is behaviour that is intentionally aggravating and intimidating and occurs mainly in social environments such as schools, clubs and other organisations working with young people. It includes behaviours such as teasing, taunting, threatening, hitting and extortion behaviour by one or more players against a victim

How would you know if a player is being bullied?

All bullies operate using furtiveness, threats and fear. Bullying can therefore only survive in an environment where the victim does not feel empowered to tell someone who can help or in which it is not safe to do so. The following indicators are warning signs that a young person might be getting bullied

- Reluctance to come to a venue or take part in activities
- Physical signs (unexplained bruises, scratches, or damage to belongings)
- Stress-caused illness – headaches, and stomach aches which seem unexplained
- Fearful behaviour (fear of walking to a meeting, going different routes, asking to be driven)
- Frequent loss of, or shortage of, money with vague explanations
- Having few friends
- Changes in behaviour (withdrawn, stammering, moody, irritable, upset, distressed)
- Not eating
- Attempting suicide or hinting at suicide
- Anxiety (shown by nail-biting, fearfulness, tics)

There are other possible reasons for many of these indicators.

Who should deal with bullying?

While the more extreme forms of bullying would be regarded as physical or emotional abuse and are reported to the health board or An Garda Síochana, dealing with bullying behaviour is normally the responsibility of all Mentors within this club / organisation.

How can it be prevented?

- Ensure that all members follow the code of conduct, which promotes the rights and dignity of each member
- Deal with any incidents as they arise
- Use a whole group policy or 'no-blame approach', i.e., not 'bullying the bully' but working with bullies and the group of young people, helping them to understand the hurt they are causing, and so make the problem a 'shared concern' of the group
- Reinforce that there is 'a permission to tell' culture rather than a 'might is right'
- Encourage young people to negotiate, co-operate and help others, particularly new or different people
- Offer victim immediate support and put the 'no blame approach' into operation
- Never tell a young person to ignore bullying, they can't ignore it, it hurts too much
- Never encourage a young person to take the law into their own hands and beat the bully at their own game
- Tell the victim there is nothing wrong with them and it is not their fault

NO BLAME' APPROACH

Step 1 – Interview with the victim

If you find that there has been an incident of bullying, first talk to the victim. At this stage find out who was involved and what the victim is now feeling. Try asking the following questions:

- Was it verbal or physical intimidation?
- How hurt is the victim
- Was it within his/her own peer group?
- Ensure the victim that his/her name will not come out in the investigation
- Actively listen

Step 2 – Meet with all involved

Arrange to meet with all those involved; this should include some bystanders, those who may have colluded, those who joined in and those who initiated the bullying.

- Have a maximum of six to eight in the group – keep the number controllable
- Make a point of calling a 'special' meeting
- Ensure the severity of the topic is understood by all
- Speak only of the hurt caused in general terms with no reference to the victim
- Play on the conscience of all – ask questions like: How would you feel? Would you like it done to you?

Arrange to meet with all those involved; this should include some bystanders, those who may have colluded, those who joined in and those who initiated the bullying.

Step 3 – Explain the problem

The distress being suffered as a result of the bullying incident is explained. At this stage the details of the incident or the allocation of the blame is not discussed. Explain the feelings of loneliness, feeling left out, rejected, laughed at. Try asking questions:

- Would they like it if it happened to them
- "Someone here in this group was bullied by someone within the group, what could we do to see it does not happen again?"
- Listen, watch out for reactions, and pick up on any without isolating anyone

Step 4 – Share the responsibility

Explain what steps/controls may have to be introduced to prevent further incidents and how everyone will loose out as a result.

Step 5 – Ask the group for their ideas

At this stage the group is encouraged to suggest ways that would make the victim feel happier. All positive responses are noted. Use phrases "if it were you" to encourage a response. Listen to all suggestions and note them.

Step 6 – Leave it to them

Now the problem has been identified, solutions suggested, the problem is now handed over to the group to solve. Arrange to meet again in a week's time. Pass responsibility over to the group and give a time frame within which something must be done.

Step 7 – Meet them again

Each member of the group, including the bully, discuss how things are going, who is doing what and have there been other incidents. This allows for continual monitoring and also keeps all involved in the process. Again enforce the idea of the 'team' looking after each other at regular intervals to ensure it is known that bullying or intimidating behaviour will not be tolerated.

APPENDIX 7.3 – Grounds for Concern

Examples of reasonable grounds are:

1. a specific indication from a player that she has been abused
2. a statement from a person who witnessed abuse
3. an illness, injury or behaviour consistent with abuse
4. a symptom which may not itself be totally consistent with abuse, but which is supported by corroborative evidence of deliberate harm or negligence
5. consistent signs of neglect over a period of time

In some cases of child abuse the alleged perpetrator will also be a young person and it is important that behaviour of this nature is not ignored. Grounds for concern will exist in cases where there is an age difference and/ or difference in power, status or intellect between the children involved. However, it is important to distinguish between normal sexual behaviour and abusive behaviour. Persons unsure about whether or not certain behaviours are abusive and therefore reportable, should contact the duty social worker in the local Health Board or Social Services department where they will receive advice.

Signs of Abuse

Physical Indicators

- Unexplained bruising in soft tissue areas
- Repeated Injury
- Black eye(s)
- Injuries to mouth
- Torn or bloodstained clothing
- Burns or scalds
- Bites
- Fractures
- Marks from implements
- Inconsistent stories, excuses relating to injuries

Behavioural Indicators

- Unexplained changes in behaviour
- Becoming withdrawn or aggressive
- Regressive behaviour
- Difficulty in making friends
- Distrustful of adults or excessive attachment to adults
- Sudden drop in performance
- Change in attendance pattern
- Inappropriate sexual awareness, behaviour or language
- Unusual reluctance to remove clothing
- Reluctance to go home

APPENDIX 7.4 – Categories of Abuse

1. Neglect
2. Emotional Abuse
3. Physical Abuse
4. Sexual Abuse

1. Neglect

Neglect is normally defined in terms of omission, where a young person suffers significant harm or impairment of development by being deprived of food, clothing, warmth, hygiene, intellectual stimulation, supervision and safety, attachment to and affection from adults, or medical care. It may also include neglect of a young person's basic emotional needs.

Neglect usually becomes apparent in different ways over a period of time rather than at one specific point. For instance, a young person who suffers a series of minor injuries is not having her needs for supervision and safety met. The threshold of significant harm is reached when the young person's needs are neglected to the extent that her well being and/or development is severely affected.

2. Emotional Abuse

Emotional abuse is normally to be found in the relationship between an adult and a young person rather than in a specific event or pattern of events. It is rarely manifested in terms of physical symptoms.

Examples of emotional abuse include

- Persistent criticism, sarcasm, hostility or blaming
- Where the level of care is conditional on her behaviour
- Unresponsiveness, inconsistent or unrealistic expectations of a young person
- Premature imposition of responsibility on the young person

- Over or under protection of the young person
- Failure to provide opportunities for the child's education and development
- Use of unrealistic or over-harsh disciplinary measures
- Exposure to domestic violence, adult mental health problems and parental substance misuse may expose children to emotional abuse

3. Physical Abuse

Physical abuse is any form of non-accidental injury that causes significant harm to a young person, including:

- Shaking, hitting or throwing
- Use of excessive force in handling
- Deliberate poisoning
- Suffocation or drowning
- Munchausen's syndrome by proxy (where parents/guardians fabricate stories of illness about their child or cause physical signs of illness)
- Allowing or creating a substantial risk of significant harm to a young person
- For young people with disabilities it may include confinement to a room or cot, or incorrectly given drugs to control behaviour
- Burning or scalding

4. Sexual Abuse

Sexual abuse occurs when a young person is used by another person for his or her gratification or sexual arousal, or for that of others. For example:

- Exposure of the sexual organs or any sexual act intentionally performed in the presence of a young person
- Intentional touching or molesting of the body of a young person whether by person or object for the purpose of sexual arousal or gratification
- Masturbation in the presence of a young person or involvement of the child in the act of masturbation
- Sexual intercourse with the young person, whether oral, vaginal or anal
- Sexual exploitation of a young person
- It may include non-contact activities, such as involving young people in looking at pornographic material or watching sexual activities, or encouraging children to behave in sexually inappropriate ways

APPENDIX 7.5 – Inclusion and Integration Strategy 2009 – 2015

In 2009 a dedicated team representing the GAA, Ladies Gaelic Football, Camogie, Handball and Rounders was tasked with examining the best practices in Inclusion and Integration in Irish sport and Irish society in order to develop a stand alone inclusion strategy for all organisations of the Gaelic Games Family.

The process included submissions from schools, clubs and individuals. These submissions identified challenges, successes and best practices from city, urban and rural contexts. The team also consulted with experts and representatives from more than 20 organisations and groups and many made formal submissions.

The strategy and specific targets were presented to the leadership of Ladies Gaelic Football, Camogie, Handball and Rounders and the proposals were adopted by each organisation.

The strategy has now been adopted as policy by all organisations and a set of accountable actions have been agreed at National, Provincial, County and Club level within each organisation.

The Gaelic Games family welcomes people of all nationalities, ethnicities, religions, ages and abilities into our sports.

Integrating children and young people with any form of disability into our games and other activities is a key component of the core values of each Association. All clubs and teams should be aware there are many ways in which the integration and greater involvement of disabled young persons in our games and other activities can be promoted and achieved.

It is recommended that all club or team personnel avail of any training in relation to Disability Awareness to ensure we can impact positively on the quality of life for disabled people and other marginalised groups.

Strategy is available for download from www.ladiesgaelic.ie

The Gaelic Games family welcomes people of all nationalities, ethnicities, religions, ages and abilities into our sports.

APPENDIX 7.9 – Code of Ethics Information Evenings

Who should attend?

This will depend on the size of your club and the number of players involved. A small club should aim to hold 1 night and invite the entire club as outlined below. A larger club may hold a separate evening for (a) the coaches, (b) the parents and (c) the players.

Ensure that Club Officers, mentors, coaches, parents of all underage players (including underage players on Senior teams), and anyone involved with juvenile players attend.

It is also good practice to invite your adult players as many of them will have underage players as team mates.

Invite your County Children's Officer to deliver a section of the evening. This is a beneficial way of introducing the County Children's Officer to your club.

What will I need:

- Your Club's Code of Ethics
- The Ladies Gaelic Football Association's Code of Ethics and Good Practice
- Joint Code of Behaviour leaflets
- Copies of: Parents Registration Form
Existing Mentors Form
New Mentors Form
Player's Code of Conduct

Get anyone in attendance that has not already filled out relevant forms to do so

What areas should be covered?

1. Provide an **introduction to your Club**, outlining a brief history, number of teams, number of current mentors. Any other relevant information to parents, etc
2. Give the **main objectives of your Code**: to make our sport safe, fun and ensure that it is conducted in a spirit of fair play. Outline that the Code is in place to protect the players but also the Club and its mentors.
3. Discuss your **Codes of Conduct** for all relevant parties – players, mentors and parents. Outline that parents represent the club at all matches/functions.

4. General Guidelines

- Recruitment procedures – the club ensures that all safety precautions are adhered to.
- Supervision – no mentor works alone where possible and this is where parents play a key role in assisting the club with this guideline. Outline here key areas where parents can assist: travelling to matches, supervising in dressing rooms, assistance with training, handing out water bottles
- Travelling – outline the requirement of parents assisting with transport to matches
- Away trips and overnight stays – importance of parental support
- General Safety Guidelines – these should be specific to the club i.e. Health and Safety regulations of the GAA facilities, dressing rooms, clubhouse, etc and also outlining where players should be collected from, valuables brought to training, etc
- Photography and Filming guidelines – parental permission form
- Text Messaging – if the club uses text messaging as a means of communicating with players, this should be outlined to parents and a sample of the texts being sent shown to them. Some parents may opt to have the same message sent to them also.

5. How to make a Complaint

Keep this section simple and factual as the main aim is to let parents/mentors know there is a procedure and it is outlined in your Code of Ethics should any one require it.

6. Bullying Policy

This is a very important section. Parents should be made aware of the role they play in preventing bullying and creating an environment where a child will tell an adult if they are being bullied.

7. Training and Vetting

Advise where to get relevant Child Protection training. Provide information on the training available. Recommend that all those involved with juvenile players attend this course. Also outline the Vetting requirements of all those working with underage players.

How to coordinate the evening

Time required: 1 ½ hours maximum

Venue: Club facilities – suitable room/hall, i.e. can provide a comfortable environment for the number invited to attend

Refreshments: Tea and Coffee refreshments is a good way to start/end the evening and is an opportunity to allow the club officials to meet the parents.

- It is recommended to hold the evening at the beginning of the year, in conjunction with your registration night. Finding a date that suits everyone will always be impossible and a good method of achieving full attendance is parents must attend to register their daughter and complete a parental permission form.
- Send out confirmation of the evening and generate awareness of the evening by putting up posters in the local shops/church. Use your club website also to advertise the evening.
- Contact The Ladies Gaelic Football Association for any literature required
- Allow time for questions and answers and feedback

Sample Case Studies

Small Club Information Evening

- Invited parents, mentors, players – juvenile and adult
- Invited guest player – Adult Inter-County Senior Player from a different County to speak to the players
- Held evening in conjunction with their Registration night – parents had to attend if wanted to register their daughters
- Parents were in one room of club house for the talk and registrations
- Children and coaches were in main hall with the guest player who gave a brief talk on training, nutrition, player code of conduct, alcohol, drugs, etc
- The evening was also used as a recruitment opportunity – the club highlighted different 'duties' e.g. supervision in dressing rooms, drivers for games, etc which were needed to ensure the club continued functioning. Parents volunteered on a rota basis.

Large Club Information Evening

- Invited all parents of the juvenile section
- Held information evening on the Code
- Chairperson addressed the parents in relation to the Club policies regarding the Code
- Invited the National Children's Officer to attend and address any concerns of the parents
- Requested all parents to sign the Parental Permission forms after the talk when parents were aware of what they were signing
- It ended as a social evening within the club
- All parents gave great feedback to the club who now hold an annual information/social evening
